## STAGE CONTEST

Feb 4<sup>th</sup>

Here is your chance to show your stuff. The Annual Ring 1 Stage Contest will be held on February 4<sup>th</sup> at 7PM at the Kirkwood Community Theatre at 111 S Geyer Rd. in Kirkwood. If you would like to enter the contest you need to contact Harry Monti at (636)394-4191 ASAP. There are still spots left. If you are not performing, please plan to attend. Bring your family and friends. We are not advertising this event to the public, but we would like a donation of a can of food to help out the local food pantries.

## New Zealand visits Ring 1!

Our January meeting was host to International

Roger Linden with long time friend Tony Wilson

President Tony Wilson, President Elect Roger Miller and SAM National President, our own John Apperson. The evening began with a very nice happy hour, complete with fantastic appetizers galore, our thanks to Dave Snetsinger for catering the food and John

President Tony Wilson

Reider for his help setting up. It is obvious, by the empty shrimp cocktail dishes, that the food was a hit. Prior to the meeting the Board had the honor to have dinner with Tony and Roger at Cunneto’s on “the Hill”. Steve Buesking

did a fine job arranging the pre-event. While Tony was getting to know everyone, Ray Belz displayed his power point presentation of photos taken at

SAM National President John Apperson and IBM International President Tony Wilson

Emcee Steve Zuehlke

different Ring activities during the year. It was really a beautiful job. This really gave Ring 1 a chance to shine in front of the national officers. As the meeting started Terry Richison put together a nice show for the members and our guests. Emceeing the show was our own Steve Zuehlke. We started with some introductions. Introducing Roger Miller was Dave Snetsinger. Dave and Roger have been friends for years and was only fitting that Dave introduce our next President. Roger Linden then introduced his long time friend, President Tony Wilson. Next Tony presented the Ring with banner from his home ring in New Zealand as a token of his appreciation. Not to be outdone, it was time for use to present Tony with a memento to remind him of his visit to St Louis. Terry Richison came out with a gorgeous piece designed by Larry Skorepa. A hand

started the show by doing a number of nice original effects. He even shared a few of the secrets after the evening was all over. Next on the bill was Roger Miller. Roger did only one effect, but what a clever effect it was. 3

spectators were invited to think of three different things, only to be predicted later on a 20 foot scroll of paper. Next up was our own Jim Buffaloe. Jim presented an original stand-up coin routine which really caught everyone's attention. Up next was Ted Schnarre. Ted is always a great crowd pleaser with his "Believe it or Not" style of magic. Closing the evening was Terry Richison who performed a quick bit of still

baffling mentalism by having a card randomly selected by the audience with a number between 1 and 52 for the position in a deck only to find the card in that exact

position in the deck that a spectator had been holding the entire time. He signature piece, a comedy bill in lemon. Members are still scratching their heads. Afterwards the Ring presented Tony and Roger with a huge sheet cake during which time they were happy to pose for pictures. The entire evening was a huge success. Truly a memorable and historic meeting for the Ring. Tony hopes to come back this summer to attend the Midwest Magic Jubilee.

## President's Corner

Half of the year has already blown by and I must say that our club has truly grown to one that works by everybody pitching in. I started the year by saying that a single snowflake falling to the ground doesn't really have any impact, but when a lot of snowflakes fall together, they can paralyze an entire city. This analogy is exactly what we have grown to in ring one with numerous people pitching in and helping out.

The party this month for our international president, Tony Wilson, and president-elect Roger Miller was a huge success with a huge turnout and support from our local ring. It was also a rare opportunity of being in the presence of both the international president of the IBM as well as the international president of SAM, John Apperson. A special thanks goes out to our performers, Steve Zuehlke, Jim Buffaloe, Terry Richison, and Ted Schnarre.

Elections are right around the corner and along with vice president, Dave Snetsinger, and board member, Ray Belz, we are putting together the slate for board positions. This is especially a great opportunity to be apart of something great. The club is in a great position for the new board to lead it into even more exciting times. Numerous people have expressed interest in running for a position so please contact Dave, Ray, or myself to express your interest.

The rest of this year has some pretty exciting activities left. For instance, we have two lectures we are in the process of booking, both a stage and closeup contest, lectures in mentalism as well as being an emcee. Check your Spirit for exact times and locations.

I'll end by reminding all the mission of this board and that is do not walk behind me, I may not lead. Do not walk in front of me, I may not follow. Instead, walk beside me and we will lead together. So let's have a great 2nd half by all working together. Thanks for all the hard work.

Keith Smith

## FEBRURARY'S JOKE

"What's your father's occupation?" asked the teacher on the first day of the new academic year.  
"He's a magician, Ma'am," said the new boy.  
"How interesting. What's his favorite trick?"  
"He saws people in half."  
"Gosh! Now, next question. Any brothers or sisters?"  
"One half brother and two half sisters."

## Elections to be Held in March

**Ring 1 elections** are slated for the month of March. Next year will be an exciting year. **Keith Smith** has done a wonderful job of revitalizing the club over the past 2 years. Now he will pass his legacy on. A nominating committee consisting of **Keith Smith, Dave Snetsinger** and **Ray Belz** has been formed. If you have any interest in running for an office or as a member of the board, you may contact any one of the nominating committee members and let them know. This is your chance to get involved.

## 2005 Ring 1 Stage Contest

It's that time of year again....time to get your act ready for the annual Stage Contest. This is your chance to show off your act, a new routine, or maybe a work in progress. The stage contest is designed NOT to see who wins 1st place but to gain valuable insight and advice on your act. With the right set of judges, the score sheets are worth their weight in GOLD! Besides, you get to perform on full stage with lights, sound and curtains. This really is a chance of a lifetime. Although some of us think of stage magic as being illusions, birds, pretty dancing girls, etc., this is only a small portion. A birthday party show would fit into this category too! A stand-up show would also fit this bill. With so many members of the club, we should have no problem coming up with enough contestants to participate. Best of all the show is open to the public. And remember, the public are the people that pay our bills. If anything else, think of the free publicity! You can mail invitations to your clients, make it a thank you gift for friends and clients, a chance for your relatives to see you perform, etc. And best of all is the price....FREE. That's right, NO charge. We will as in the past, be taking a donation of a can good(s) that will go to a local food pantry. If interested in performing or helping out, contact [Harry Monti](mailto:Harry.Monti@icloud.com) (636)394-4191. We also need light and sound people, backstage help, ushers and ticket sellers.

# Project Magic: GIVING BACK

## Keith Smith

It was once said that the measure of one's love or passion for something is not what he has to show for it, but rather it is what he gives back. Being President, I have witnessed many great magicians that make up our ring. I've seen many entertaining acts and witnessed the great pleasures many audiences have taken home with them from ring one performances. I then look to what our club is giving back. Many people have given enormous amounts of time and energy planning and participating in club events. I am looking toward our club to extend this dedication to what we are giving back to the community. Project Magic is one way that we as magicians can give back to the community. The **kids at Shriners** really enjoy the magic evening and all performers that I have worked with have walked away with a special feeling in their heart. **Jerry Novack** and **Henry Schaper** have, for years now, dedicated an enormous amount of time and energy into their passion of giving back to the community by organizing these evenings. Henry also spends tireless energy in the recruitment for the event. I would like to think that all would be open to performing. I truly believe that the real difficulty for most of us is simply scheduling the time. I am proposing to take the membership and select names for each month for the next year and setting it forth as the calendar. The point is not to add to someone's things to do list, but rather it is to establish our club as a strong part of our community. The calendar will be set and if one cannot fulfill the obligated time, then all one will have to do is **contact Henry Schaper** prior to the event so as Henry can find a replacement. I look forward to this endeavor and hope all share in my enthusiasm.

## 2005 Schedule – Project Magic

## ***Losander Lecture – A Smash Hit!***

The Hampel Magic Institute's first lecture was one to be remembered. Losander shared his unique art of levitations and animations from bubbles to silks to wands to tables. His gimmicks and their protocols were wonderfully creative and he carefully gives credit to Finn Jon and Salvano who inspired him. He also passed on unusual protocols for the thumb tip. No need to keep the thumb tip on the thumb; "we can do better than that".

Losander's main thrust, however, was in levitation and animations. He shared his vast experience on lighting and backgrounds, gimmicks and gimmick hookups. Here are two counterintuitive pieces of advice: 1) a black background is not optimal for thread work and 2) levitation can be better in a close-up venue than on stage. This is the sort of information that takes years to develop and it was graciously shared with all in attendance.

Imagine blowing a bubble, a thing so fragile and subject to the whims of a casual breath, yet the magician is able to exert an unnatural control over it to defy its own fragility and the laws of nature. Bubbles are suspended in time and space, they are juggled, they are floated horizontally to defy gravity, they are given mass and animated a`al Zombie. His graceful and magical bubble work is sure to inspire many of us.

Losander floating his table.

From left to right- Steve Zuehlke, John Reider, Terry Richison, Dirk Losander, Dennis Hampel, Ted Schnarre, Matt Hampel, Mark Howell

The grand finale` was the Losander's Floating Table. He has gone through many evolutions of the table which is hand crafted by his father in Germany. His father's workmanship is extra ordinary and evokes the sort of love and talent that is only found in the old world craftsmanship. Part of his floating table routine

includes an audience member who holds on to the table cloth as the table levitates. It is so clean that during the levitation he and the spectator will lift the table cloth to allow a view of the top of the table. Absolutely outstanding! Losander was a smash hit with grace in presentation, practical in advice. Thanks the Dennis, Clydia, Matt and Mark for all the hospitality and good eats and treats. The Hampel Magic Institute will be holding another lecture on March 19<sup>th</sup> at 7PM with Max Howard. Only \$25.00 per person. Call 618-566-2442 for reservations!
